Objective:

Detail-oriented software engineer with a strong foundation in JavaScript, SQL, CSS, and HTML, eager to develop robust applications that solve complex problems and deliver exceptional user experience. Looking to contribute to innovative projects while further developing my skills in a collaborative environment. Addition to it, having prior experience as web developer on creating dynamic and user-friendly websites. Seeking to leverage expertise in HTML, CSS, JavaScript, and other web technologies to contribute to the development and enhancement of cutting-edge web applications. Committed to delivering high-quality, responsive, and visually appealing web solutions that meet and exceed client expectations.

Core Expertise:

Languages	Html, CSS, JavaScript, React-Js, Node-Js, SQL
Databases	SQL Server, MySQL
Tools	Git, Netlify, Automation Anywhere, Power Automate, Acrobate(In-Design, Accesibility)
Others	Office 365(Word, Excel), Power BI, Tableau

Work Experience:

Skywaves Software Private Limited

Software Associate (Web Developer-Frontend) – (April 2024 – Sep 2024)

- Developed responsive and visually appealing websites using HTML5, CSS3, and JavaScript, ensuring cross-browser compatibility and optimal user experience across various devices.
- Optimized website performance by implementing techniques such as image optimization, lazy loading, resulting in faster page load times and improved SEO rankings.
- Utilized version control systems, such as GIT, to manage codebase and facilitate collaborative development workflows.
- Integrated third-party APIs and libraries to enhance website functionality, including payment gateways, social media widgets, and content management systems.
- Designed, developed, and deployed automation solutions using Automation Anywhere to streamline repetitive tasks and improve operational efficiency.
- Implemented automation scripts to perform tasks such as data extraction, data entry, report generation, and system integrations.
- Provided ongoing support and maintenance for existing automation solutions, troubleshooting issues, and implementing enhancements as needed.

Certifications:
